

1UP Magic Snow Manual

Thank you for purchasing Magic Snow!

How to use it:

STEP1:

It's important to choose a 'Color Space' before use Magic Snow. The preferred Color Space for realistic rendering is Linear. By default Unity use Gamma Color Space. To change it go to (Edit > Project Settings > Player), inside Other Settings tab you will find Color Space* — change it to Linear.

STEP2:

Getting started with Magic Snow - in just minutes!! Simply start by a few drags and drop.
